

Akbank Turkish Fixed Income Fund

Turkish Fixed Income Fund invests in sovereign and corporate debt securities issued in Turkey. The utilization of local know-how, active duration management, curve positioning and individual security selection helps to enhance the fund return and outperforms passive investing. The investment style of the fund is a combination of Top – Down & Spread Trader. The product is suitable for medium to long term investors with higher risk appetite. The risks related to movements in bond prices, resulting from interest-rate fluctuations and currency developments and to some extent changes in the quality of the corporate held portfolio. Selection of securities is conducted in line with the investment manager's risk management policies and guidelines.
